

Peak Dot  Ranch Ltd.

**FALL BLACK ANGUS
BULL AND FEMALE SALE**

Thursday, Dec.4, 2008

At The Ranch, Wood Mountain, Saskatchewan

Welcome to Peak Dot Ranch...

The Moneo Family

Terry and Barbara

Carson, Lana, Koen and Riley

Clay, Shannon, Matt, Madison and Merit

Scott, Mia and Luke Turner

Welcome to the 2008 spring sale.

New this year due to a lot of generated interest and inquiries this sale will feature our Canadian bred outcross donor females along with their embryo packages by Old Post. Old Post is an exciting total outcross sire to the angus breed. Other top-producing donors sell with embryos by Duff Encore 702 the very impressive high selling bull in the '08 Power + Plus Bull Sale.

In an effort to meet the requests of our customers for sound, hard muscled breeding bulls in this sale we are offering bulls that have been raised from birth to weaning without creep. From weaning through the winter these animals were fed a high roughage growing ration. During the summer they ran on grass pastures. From October 1st until the sale these bulls are fed a high roughage ration in a large acreage to provide for plenty of exercise. These bulls will breed 30% to 40% more cows than yearling bulls and are developed by Peak Dot to be fertile and sound.

Again this year our customers are bringing in an excellent group of yearlings bred to Peak Dot calving ease bulls. Buyers from past sales are 100% satisfied with the quality of the females and the calving of the bulls. We offer free delivery on the purebred purchases totaling over \$2500 and can assist you with delivery on the commercial cattle or they can stay at the ranch until you arrange trucking.

Come early and view the cattle and be our guests and enjoy a beef barbeque with refreshments.

Sincerely,

The Peak Dot Crew

Dominating the Sale Ring...

Top selling bull and high selling sire group in the 2007, 2008 Peak Dot spring Bull Sales were Predominants.

Top selling bull and high selling sire group in the 2007 Peak Dot Fall Bull Sale were Predominants.

A Predominant son from Hamilton Farms was the high selling bull calf at Agribition when half interest sold for \$35000.

In Remington Cattle Company's bull sale Predominant sons were the high selling and third high selling bulls.

A Predominant daughter was the high selling heifer in Remital's fall sale.

A Predominant son was the high selling bull in the Crowfoot Cattle Company Bull Sale.

In the history making 2008 Schaff Angus Valley sale Predominant bulls averaged \$7600. The second highest selling bull in the sale was a Predominant son that sold for \$60000.

In the 2007 spring Champion Hill female sale the top selling heifer was sired by Predominant and a half interest sold for \$42000

PEAK DOT RANCH HERD SIRES...

At Peak Dot Ranch a lot of effort, time, miles and money have been put into finding Herd Bulls. Our goal has always been to build a cow herd that will produce a uniform set of bulls. The way we went about it was to find and buy bulls off the best cows in the angus breed that are the top sons of a consistently breeding herdsire. We avoided falling in the trap of breeding our top cows to some champion bull or highly promoted AI sire, but instead the bulls we introduced to the herd got a cross section of our cows. This enabled us to come up with large groups of replacement females out of each bull. With an extensive AI program and one of the largest embryo programs in Canada this process has been greatly accelerated. Let me relate some history about the major sires currently serving at Peak Dot.

SAV Predominant 4438 calf picture in the 2005 SAV sale book led us down to St Anthony, N.D. There we discovered the strongest sire group of calves by 004 we had ever seen. With the border still closed to import cattle and 004 semen not available in Canada, we made the decision to buy SAV 004 Predominant 4438 for \$15000. For us he was a easy first pick out of the 300 plus bulls at SAV. Predominant went on to be one of the top selling semen sires in Canada that year easily paying for himself. The following year we returned to Schaff's again and purchased two more 004 sons, SAV 004 Capacity 5234 for \$20000 and SAV Autograph 5204 for \$30000 along with Ring Creek as a partner.

Peak Dot Predominant 92S is a top performing son of SAV 004 Predominant 4438 and will be a major player at Peak Dot Ranch to assist in breeding naturally thick, deep - ribbed, easy fleshing cattle that are easy to look at. An attractive herd sire with a wide back and low center of gravity. He earned an adjusted 205 day weight of 805lbs and a weaning index of 106. His dam Mia of Peak Dot 511K is an elite dam who has a weaning index of 107 on her last three calves. His maternal sister was one of the top selling heifers in the 2006 sale.

Mohnen Dynamite 1356 we found down at White Lake, SD. The Mohnen cow herd consist of a large number of females which came from the legendary Bon View herd dispersal. Dynamite had it all; popular pedigree, performance and out of one of the most famous cows in the angus breed. On a stormy day in the Platte Livestock yards we sat prepared to steal this bull for a little amount of money. Dynamite sold that afternoon for \$39,000. So much for that plan. Dynamite became very popular not only in Canada and the United States but around the globe. To aid in the semen sales the decision to lease Dynamite to Genex was made. Dynamite's first progeny will be featured in next years sale.

Stevenson Bruno 6371, now known as Hobson, was the lot 1 and high selling bull for \$15000 out of the Stevenson-Basin 2001 sale to Peak Dot Ranch. He was the second highest actual weaning weight calf at Stevenson-Basin Ranch. Hobson became the cornerstone sire of our program- his progeny have been highly sought after and have been the top selling sire groups the past few years at Peak Dot.

Peak Dot Hobson 57N is a true beef bull that consistently transmits his strong attributes of great dimension, extra volume, fleshing ability and amazing muscularity.

In 1999 we sold several loads of hay down to Stevenson-Basin Ranch at Lewistown, MT. This gave us an opportunity to sort through the nearly 900 bulls they had for sale that year. Each time we went through the never ending pens of bulls Basin Prime Cut 354K caught our eye. Prime Cut 354K went on to be one of the greatest calving ease sires in the breed. He became the number one seller of commercial semen at Peak Dot, mainly because large commercial outfits liked to AI their first heifers to a proven calving ease sire.

Old Post was discovered later in life at the Cactus Ranch in Medicine Hat, AB. Stan Lapp owner of the Cactus Ranch had been using the bull naturally on his commercial cows. The bull was one of the most gorgeous mature angus bulls around. After a tour of Stan's cow herd and some of Old Post progeny, a lengthy discussion was held and a deal was struck.

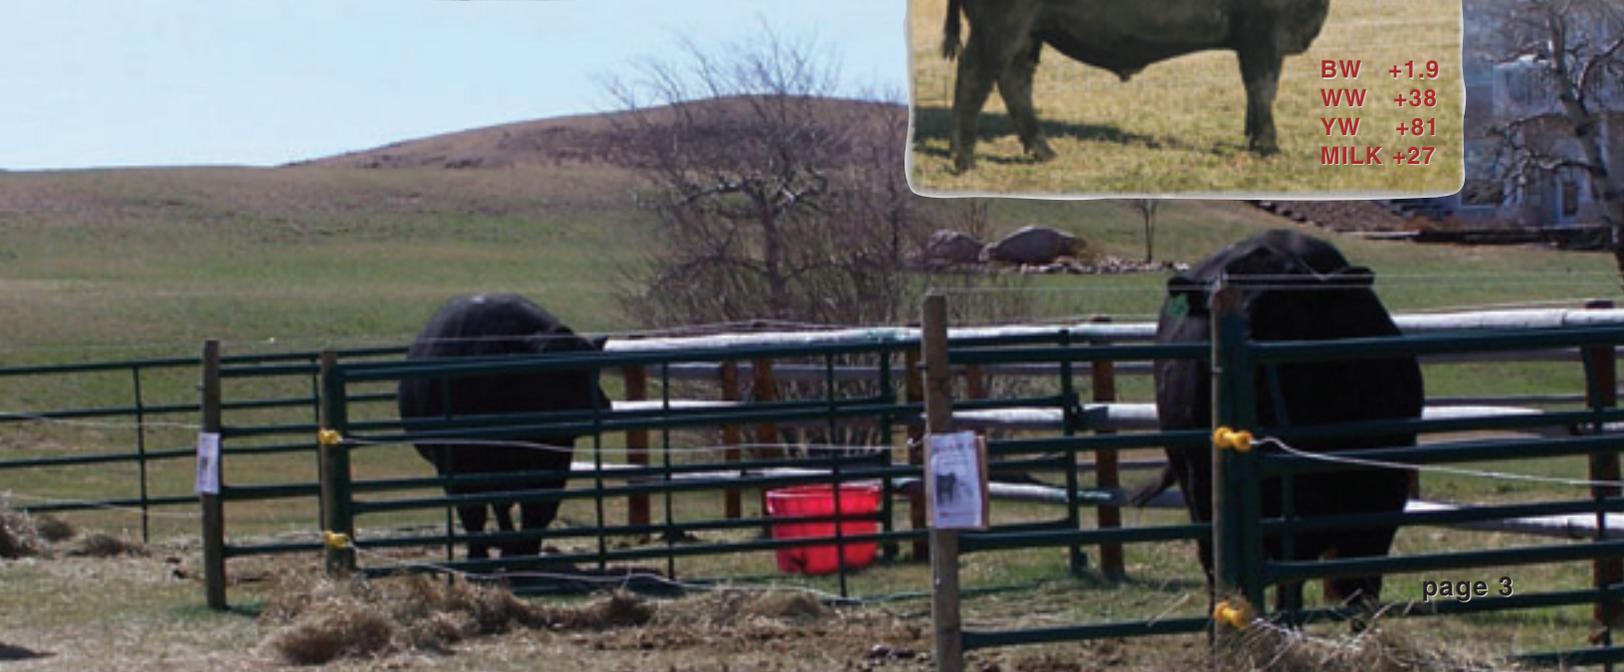

Old Post is an exciting outcross pedigree to the angus gene pool, and along with our new partners, Remington Cattle Company, we look forward to developing and promoting this sire's progeny who will have a huge impact on the entire angus industry in the years to come.

OLD POST

Double AA Blackman 252'96 X Johnstone Bandolier 849E

Old Post is the sire the breed so desperately needs, offering exciting outcross Canadian blood to the Angus gene pool. He is extremely good footed and correct, with a long wide back, and thick full hind quarters. A proven calving ease sire that will add pounds and dimension to his progeny. His dam is a moderate framed thick made easy fleshing daughter of Johnstone Bandolier 849E.

Old Post has generated a lot of interest and we have had many inquiries in a very short amount of time from some of the top AI studs, and progressive thinking Angus breeders throughout the United States and Canada.

Old Post is currently being mated to some of the top producing cows at Peak Dot. We have also mated him and collected embryos from three of the very best straight Canadian outcross cows in our herd. Old Post will be a name long remembered in the Angus breed, and his first calves may be one of the most anticipated sire groups to ever sell at public auction. Along with our new partners Remington Cattle Company we look forward to developing and promoting this sire's progeny who will have a huge impact on the entire Angus industry in the years to come.

Peak Dot Ranch Bulls...

PEAK DOT CAPACITY 90T - Lot 14

Check out this stud by Capacity. He features thickness and extraordinary width in a very attractive package. His dam is sired by Basin Ambush 7980, a big powerful herd bull that we sold to Ring Creek Farm for \$20000. Excellent performance and outstanding EPDs on Lot 14.

Peak Dot Ranch Bulls...

SAV AUTOGRAPH 5204 BULLS... LOT 29 - TO LOT - 34

This pen of bulls is all sired by the \$30,000 premier calving-ease sire SAV Autograph 5204. He was used on virgin heifers very successfully at Peak Dot, Ring Creek and Schaff's with zero assistance reported. These bulls are all off of first calf heifers and are even from top to bottom. Some of the very best bulls will be discovered in this pen.

PEAK DOT AUTOGRAPH 74T - Lot 29

MIA OF PEAK DOT 406R
DAM OF LOT 29

LOT 29 Clay's pick. He really resembles his sire with a great look and awesome phenotype. In addition to his striking style, he has excellent rib and muscle shape. His dam is one of the top Prime Cut daughters at Peak Dot. His granddam and great granddam are former embryo donors. He leads off a group of six easy calving Autograph sons.

Commercial Bred Heifers...

All the heifers in the sale are bred to calving ease Peak Dot bulls.

Dave Lane

David Lane has selected 15 of his top heifers out of his 325 head cow herd. These heifers are daughters of Peak Dot bulls. The heifers were exposed to 4 sons of SAV 004 Predominant 4438 that were purchased in the spring sale of 2007 at Peak Dot Ranch. Breeding season ran from July 1 to Sept. 17. The heifers were vaccinated with Bovi-Shield Gold prior to breeding and have been ivomected prior to the sale. For more information call **David & Gail Lane (204) 842-3692 cell:(204)773-6544** or **Kurt Lane (204) 842-5254 cell: (204) 773-0876**.

The Packets

Packet Brothers have 10 black angus heifers bred to a Predominant son they purchased out of the 2007 spring sale at Peak Dot. Heifers are vaccinated for blackleg and vaccinated with Preg-Guard 9. The bull was exposed from June 1 to August 1. For more information phone **Dexter Packet 306-472-5285** or **Darcy Packet 306-472-5414**

Les Schick

LES SCHICK has 10 uniform angus heifers. These ranch raised heifers excel in the traits that made the angus cow what she is today. They were exposed to Hobson sons purchased from Peak Dot Ranch from June 15th to July 31. **For more information call Les at 306-475-2583.**

Grant Payant

PAYANT FARMS are bringing 15 gentle good doing ranch raised heifers that will be weighing 1200lbs on sale day. Heifers were vaccinated with Covxin-8. Grant Payant purchased Predominant, Hobson and Prime Cut sons which he selected for calving ease and high weaning weights. Heifers were exposed to bulls June 1. **For more information call Grant at 306-642-3001.**

Australian Tour Group, along with our partners on Dynamite, Steve Mohnen, White Lake, SD and Chad Ellingson (Genex), St. Anthony, ND

Thank you to all those who visited the ranch throughout the year!

DCC DIXIE ERICA 001
Maternal Sib to Encore

Encore is a command performance of the most functional and maternally powerful genetics available in the Angus arena. He was the high selling bull in the 08' Power + Plus Bull Sale recording one of the top values of the spring sale season. This genetic masterpiece is possibly the most impressive son of the legendary "6807" to surface in recent times. His phenomenal mother "814 G" is recognized as a highly consistent producer of valuable progeny including New Look, New edition, New Attraction, Basic Instinct, Basic Impact, DCC Dixie Erica 001 plus many others. Encore is ultra complete and efficiently designed. He represents the return to more sensible, practical, production-oriented beef cattle. He offers all this plus a lot more. Get more from Encore!
